> ABOUT US

2Ninja or in short 2N is a company that specializes in building training and experience complexes in the field of ninja, parkour and climbing. Our company has rich experience in building large and small complexes and to this day we have established over 200 different complexes that are intended for a diverse target audience - from the construction of the official parks of Ninja Israel, the largest and most professional training complexes in Israel & attraction ninja, rope parks and fun climbing walls. Our home ninja facilities such as: "2Ninja cube" have been chosen to be the official facilities of "NINJA ISREAL" for backyards. All products are designed, manufactured and installed with a lot of thought in mind on the issue of safety and user experience while trying to create a challenging and positive experience for each participant who takes part in activities, training, play, one-time experience, classes or competitions.

➤ OUR FACILITIES

2Ninja is an expert in establishing exciting and unique ninja sites, especially designed for a hotel/outdoor & indoor park. The 2Ninja facilities will sweep away your customers and will bring them into a world of vertical obstacles, suitable for: pro ninja's, classes, training or vacationers with no prior professional experience, who are looking for a challenging and new sports activity, suitable for any age.

- A new, exciting activity.
- A center of attraction for new customers.

➤ PLANNING AND DESIGN

With an extensive experience in planning a wide variety of facilities for different customers, we are certain that our team of professional designers can provide the best solutions for the integration of our facilities in your location and according to your vision. We will integrate our facilities according to your style and operational needs.

➤ SHADING SOLUTIONS

In 2Ninja International, we understand that external factors might influence the enjoyment of the facility users. For that reason, we provide shading solution, for a perfect facility that you can enjoy even during hot weather.

Combining shading as an integral part of the facility will bring a perfect combination of practicality and visibility.

➤ SAFETY AND BRANDING

The safety of our users is a guiding principle which leads us from planning to the final stages of construction. Our company offers a large variety of capabilities that allows accurate planning for a safe facility, as well esthetically protecting different elements.

We provide tailor made mattresses and protection that perfectly matches with the overall design and can be used as a tool for advertising and branding.

➤ TRAINING TEAMS

We would love to share our extensive experience in operating large-scale parks, so your facility will be operated flawlessly from day one.

We will train your operations and instruction team, and will equip them with the tools needed for the site's success:

- Crowd flow planning.
- Professional accompaniment.
- Operational procedures.
